## SM100 TOW

# Smart Mover

**Power Tow |  
SmartMover SM100  
TOW**

The SM100 TOW is a self-weighted power tow unit; it generates its own traction so it can tow loads up to 500 kg where weight transfer is not possible. Loads fitted with a draw bar or towing eye are ideal. Like all SmartMovers in the range, the SM100 TOW features two drive motors for power, an FEA tested steel chassis for strength and an interchangeable battery that allows it to be used 24 hours a day.

## Industries

Suitable for use in a wide range of applications and sectors

Manufacturing and Assembly

## Key Benefits

1 year full guarantee

- Battery monitoring system
- FEA tested steel chassis
- All steel covers
- 2 Drive motors
- Secure coupling
- Internal weight packs

## Product Dimensions

## Safety Features

See our website for full technical details

Anti-crush button

Warning horn

Support wheels for operator safety

## Max Load Weight

See our website for full technical details

Castors

Up to 500 kg\*

Rails

Up to 2,000 kg\*

\*"Maximum load weight" is only a recommendation that we arrive at by estimating rolling resistance. Your environment and wheel type may affect this figure which is why we carry out a detailed technical evaluation on every project. All of our calculations include a "safe work load" factor to ensure safe operation in all circumstances.

**Identification**

Product code	SM100 TOW
Recommended load weight - Castors	500 kg
Recommended load weight - Rails	2000 kg
Machine weight including battery	117 kg
Drive type	Electric DC
Parking brake	Electromagnetic
Drive wheel type	Puncture-proof, non-marking
Drive motor power	2 x 0.22 kW
Controller type	110 DC Permanent
Variable machine speed	0.1 km/h - 5 km/h

**Battery options**

Battery pack - sealed - 22Ah 24V - interchangeable

**Charging options**

Charger - external - 5A 24V - 85V-265V

**Additional equipment**

Option - roll cage pivot link bar - universal

Option - XrissXcross roll cage connection straps

Option - flashing safety light and motion bleeper

**Male coupling options**

Coupling - manual - 15mm tow pin
