

INTIMA

Market leading feminine hygiene unit

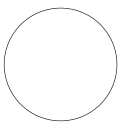

INTIMA was developed in response to market demand for an aesthetically pleasing, robust and serviceable feminine hygiene unit. In just a short length of time Kennedy's INTIMA has become the market leading feminine hygiene unit.

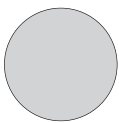

The unit provides a large 23 litres (15 litre unit also available) waste holding capacity in a sleek, modern and compact design with minimal floor obstruction. INTIMA can be used for liner and bin exchange service and embodies exceptional functionality, quality and unique service friendly features. It is available in manual, foot pedal and electronic no-touch versions and across Kennedy's full range of finishes.

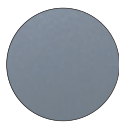

Finishes available

Classic White

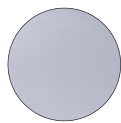

Functional Grey

Designer Grey

Premium Satin Chrome

Premium Bright Chrome

Benefits

Ease of service
