

LADYBIN

Contemporary feminine hygiene unit

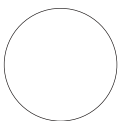

LADYBIN is a contemporary 23 litre feminine hygiene unit which offers maximum waste holding capacity with minimal floor obstruction. The unit can be used for both liner and bin exchange service and is available in manual and electronic no-touch versions.

LADYBIN is a robust unit made from high quality materials. It incorporates intelligent features to aid service and promote maximum hygiene while making the end user experience as pleasant as possible.

Finishes available

Classic White

Designer Grey

Benefits

Ease of service

- > Convenient handle allowing 4 bins to be carried at one time
- > Wall mounting bracket supplied with every unit to ease floor cleaning

Maximum hygiene

- > Available in electronic version for no-touch operation
- > Simple lines and smooth surfaces minimise dirt and dust traps
- > Flap easily removed for cleaning

For extra hygiene

- > Reinforced drawstring "easy closing" bin liners
- > Germicidal powder sachets

End user satisfaction

- > No visual contact with waste due to the angled flap
